## FOR POLISHING PROJECTS UP TO 1,000 SF (93 M<sup>2</sup>) **PREP/MASTER® JR.**

The **Prep/Master® Jr.** grinder by STI works extremely well in small, hard-to-reach areas that requires a more compact design — perfect for residential garage floors. This grinder is very aggressive, yet extremely easy to operate due to the smooth operation of the STI rotary gear system. In addition, the low price of the Prep/Master Jr. is very affordable and fits any project budget.

### PREP/MASTER JR. FEATURES

- **7.5 HP / 220/240V Single phase / 40 Amps**
- **Working width:** 23 inches (58 cm)
- **Heavy head pressure** for better performance
- **Easy disassembly of machine** into two sections for quick transportation (*grinding head weight=260 lbs. & handle weight=130 lbs.*)
- **Screw-in carrying poles** for two- or three-person lifting
- **Magnetic LED light** that attaches anywhere to illuminate front or behind machine on the cutting path
- **On-board USB Charger & Phone Carrier**

**Disassemble into 2 pieces for  
easy transportation**
